# Cancer Rights Law: An Interdisciplinary Approach

by Monica Fawzy Bryant and Joanna Fawzy Morales

Cancer Rights Law provides an overview of key areas of the law that often come into play for individuals who have been diagnosed with cancer and their caregivers, including health insurance, employment, disability insurance, genetics, estate planning and medical decision making, and finances and consumer rights.

Whether you teach a law school class, run a legal clinic, are interested in forming a medical-legal partnership, want to provide pro bono legal services, are responsible for navigating patients through their cancer experience, or are coping with your own cancer diagnosis, this book will provide valuable information and practical resources to effectively navigate cancer-related legal issues.

2018, Paperback, 396 pages, 7x10, PC 5630144
