Navigating Work & Cancer

Navigating through work in light of your diagnosis can be challenging. Regardless of whether you plan to work through treatment or you plan to take some time off, you may have access to federal, state, and employer protections. There are also options for caregivers who need to take time off work. This session we will be joined by Amanda Goodstadt, Esq. from Triage Cancer, she will cover the Americans with Disabilities Act, the Family & Medical Leave Act, state laws, and disability insurance options, and explain how they can work together for you.
