Part II: Understanding Estate Planning Documents in Your State

State Laws About Wills

A will is a legal document that provides instructions for what you would like to have happen to your property upon death. A will is also a place where parents can name a guardian for any minor children or adult children with developmental disabilities.

Missouri probate courts accept written, holographic and oral wills. To make a valid written will in Missouri:

1. You need to be in the right state of mind to create a will. This means you need to be:
 - At least 18 years old, or an emancipated minor (by court order, marriage, or by entry into active military duty)
 - Of “sound mind” (meaning you know what you’re doing)
2. You need to sign the will, in front of two witnesses who are not included in your will.
3. Your will does not need to be notarized to be legal in Missouri. However, you can make your will “self-proving,” or accepted in probate court without the court needing to contact your witnesses. To do this, you and your witnesses must sign an affidavit affirming the will in front of a notary.

Missouri allows you to execute your will remotely (e.g. witness the signing of a will by teleconferencing). However, before you execute your will remotely, you should check your state’s laws to make sure that this is still allowed at the time you are executing your will.

A holographic will is one that is handwritten by you. To make a valid holographic will in Missouri:

1. You need to be in the right state of mind to create a will. This means you need to be:
 - At least 18 years old, or an emancipated minor
 - Of “sound mind” (meaning you know what you’re doing)
2. Your will must be written in your handwriting and you must sign it.

If you make a holographic will, it needs to be signed by witnesses. However, most estate planning experts do not recommend relying on holographic wills because it is more difficult to prove that they are valid in probate court.

Oral wills are only valid in Missouri if you are in “imminent peril of death” and die shortly after creating the will. These wills can only distribute \$500 worth of assets. To create an oral will:

1. Declare that this statement is your will in front of two witnesses not included in your will
2. One witness should write down your will within 30 days of your declaration
3. Someone must submit the will for probate within six months after your death

While oral wills are useful for extreme circumstances, experts recommend creating a written will if you can.

State Laws About Financial Powers of Attorney

A power of attorney for financial affairs is a legal document where you (the principal) name a trusted adult (the agent) who is authorized to make financial decisions on your behalf.

In Missouri, a general durable power of attorney allows you to appoint someone (your “attorney-in-fact”) to manage all of your property, access your tax records, enter safety deposit boxes on your behalf, and take any other actions they think are appropriate for your well-being. This document should include the words “This power of attorney shall not be affected by subsequent disability or incapacity of the principal, or lapse of time,” or “This power of attorney shall become effective upon the disability or incapacity of the principal.” The first statement indicates that you want this document to go into effect upon your signing, and the second indicates that your agent should take over if you become incapacitated.

Part III includes a sample form.

State Laws About Advance Health Care Directives

An advance health care directive (AHCD) is a legal document you can use to provide written instructions, or state preferences, about your medical care in case you become unable to communicate. In Missouri, this document contains four parts. You can sign part one, part two, or both. But, you must sign part four to make the document valid.

1. **Durable Power of Attorney for Health Care:** You can use this form to appoint someone (an agent) to make decisions about your medical care for you, including life-prolonging care and the disposition of your remains, if your doctor determines you can no longer make these decisions. You can also choose an alternate person if the first person you appoint is not available. This document takes effect when your primary physician determines you can no longer understand or communicate your preferences for health care, or immediately, depending on how you fill out the form.
2. **Health Care Directive:** Sometimes called a “living will,” this document lets you indicate your preferences for health care if you become unable to speak for yourself and are suffering from a terminal illness or condition. You can clarify your preferences for treatments including surgery or other invasive procedures, cardiopulmonary resuscitation (CPR) to restart your heart or breathing, antibiotics, dialysis, chemotherapy, and artificially supplied nutrition and hydration. You can also indicate whether or not you would like to make an organ donation.
3. **Relationship Between Health Care Choices Directive and Durable Power of Attorney for Health Care Choices:** This section clarifies the relationship between part I and part II. It explains that if you have both documents, your agent should follow the instructions in your health care choices directive.
4. **Signing and Witnessing Provisions:** You must sign your advance health care directive to make it valid. Your durable power of attorney for health care should be signed in front of a notary, and your health choices directive should be signed by two adult witnesses. If you filled out both documents, your signature should be notarized and witnessed.

If you are pregnant and the decisions you make in this document would interfere with facilitating life-sustaining treatment to the fetus, then it will not be honored.

You can indicate that you would like to change any other instruction included in your advance health care directive at any time. You can simply tell your physician you would like to revoke or change your advance health care directive, do so in writing, or just tear up this directive. But, you have to tell your agent, physician, or treating health care provider that you revoked your agent’s powers for it to be effective.

If you appoint your spouse as your agent, this will be automatically revoked if your marriage dissolves.

Part III of this toolkit includes a sample form.

State Laws About POLST/MOLST

A physician order for life-sustaining treatment (POLST) is a medical order completed by a seriously ill person and signed by a physician. In Missouri, this is called a transportable physician order for patient preferences, or TPOPP. The TPOPP does not replace an advance directive. You can complete a TPOPP form with your doctor.

This form lets you indicate your preferences for:

- Cardiopulmonary resuscitation orders (also known as a “Do not resuscitate,” or DNR order)
- Medical Interventions, ranging from all medical and surgical treatments available to prolong your life, selective treatments to restore your health while avoiding burdensome procedures, or comfort-focused treatments to manage symptoms and allow natural death
- Use of antibiotics, whether to preserve life, for trial periods, or to relieve pain and discomfort
- Medically assisted nutrition, or food offered through surgically-placed tubes
- Additional orders or instructions for your care

This form will not expire, so it is important for you and your physician to review it regularly to make sure it still reflects your wishes.

Missouri does not yet have a form available statewide, but it is available at some medical facilities and you need to complete it with your health care provider.

State Laws About Funeral Designation Forms

Funeral designation forms allow you to tell your loved ones what you would like to happen to your remains after you pass away. These forms can be used to choose someone to control what happens to your remains after your death, specify what you would like to have happen, and other wishes depending on your state.

Missouri does not have a dedicated funeral designation form, but you can appoint someone to dispose of your remains and indicate your preferences in an advance health care directive.

State Laws About Death with Dignity

“Death with Dignity” laws, or physician-assisted dying/aid-in-dying laws, allow certain terminally ill people to voluntarily and legally request and receive a prescription medication from their physician to hasten their death in a peaceful, humane, and dignified way. By adding a voluntary option to the continuum of end-of-life care, these laws can give you dignity, control, and peace of mind during your final days with family and loved ones.

Missouri does not have a death with dignity law. But, you can indicate other decisions related to end-of-life care through an advance health care directive.

Federal Law About HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a federal law that protects the privacy of your health information. HIPAA does allow your protected health information to be shared with your personal representative who has authority to make health care decisions for you (i.e., your health care agent or proxy).

To guarantee your agent’s access to information, a HIPAA authorization form should be signed and dated by you. Also, it must identify the information to be disclosed, the purpose of the disclosure, the recipients of the information, and an expiration date. This means that any advance health care directives should be clear about the scope of your agent’s authority to receive protected health care information.

You can revoke a HIPAA authorization form at any time by notifying your health care provider in writing.

Part III of this toolkit includes a sample HIPAA authorization form. For more information:

THIS POWER OF ATTORNEY IS A DURABLE POWER OF ATTORNEY, AND THE AUTHORITY OF MY ATTORNEY-IN-FACT SHALL NOT TERMINATE IF I BECOME DISABLED, INCOMPETENT OR INCAPACITATED OR IN THE EVENT OF LATER UNCERTAINTY AS TO WHETHER I AM DEAD OR ALIVE.

It may be necessary for my attorney-in-fact to have access to my medical records to establish whether medical bills are valid and appropriate or for other purposes. I grant to my attorney-in-fact the authority and power to serve as my personal representative for all purposes of the Health Insurance Portability and Accountability Act of 1996, the regulations in 45 C.F.R. Sec. 160 et seq., and any other applicable federal, state or local laws or regulations (collectively "HIPAA"), including the authority to request, receive, obtain and review, and be granted full and unlimited access to, and consent to the disclosure of complete unredacted copies of any and all health, medical and financial information and any information or records referred to in 45 C.F.R. Sec. 164.501 and regulated by the Standards for Privacy of Individually Identifiable Health Information found in 65 Fed. Reg. 82462 as protected private records or otherwise covered under HIPAA. I understand that health and medical records can include information relating to

subjects such as sexually transmitted diseases, acquired immunodeficiency syndrome (AIDS), AIDS-related complex (ARC) and human immunodeficiency virus (HIV), behavioral or mental health services, and treatment for alcohol or drug abuse or addiction. I understand that I may have access to or receive an accounting of the information to be used or disclosed as provided in 45 C.F.R. Sec. 164.524 et seq. I further understand that authorizing the disclosure of this health information is voluntary and that I can refuse to sign this authorization. I further understand that any disclosure of this information carries with it the potential for an unauthorized further disclosure of this information by third parties and that such further disclosure may not be protected under HIPAA. In order to induce the disclosing party to disclose the aforesaid private and/or protected confidential information, I forever release and hold harmless said disclosing party who relies upon this instrument from any liability under confidentiality rules arising under HIPAA as a consequence of said disclosure. I authorize my attorney-in-fact to execute any and all releases or other documents that may be necessary in order to obtain disclosure of my patient records and other medical information subject to and protected by HIPAA.

Subject to limitations in this document, my agent and attorney-in-fact shall have all the power and authority necessary to do all the following:

- (a) authorize an autopsy;
- (b) make a disposition of a part or parts of my body; and
- (c) direct the disposition of my remains

It is my desire and request that no guardian or conservator of my person or property be appointed in the event of my disability or incapacity. If, however, a guardian or conservator of my person or property is to be appointed for me, I hereby nominate and appoint my attorney-in-fact hereunder to serve as guardian and conservator without bond.

To induce any third party to act hereunder, I hereby agree that any third party receiving a duly executed copy or facsimile of this power of attorney may act hereunder, and that revocation or termination hereof shall be ineffective as to such third party unless and until actual notice or knowledge of such revocation or termination shall have been received by such third party. I, for myself and my heirs, executors, legal representatives and assigns, hereby agree to indemnify and hold harmless any such third party from and against any and all claims that may arise against such third party by reason of such third party having relied upon the provisions of this power of attorney.

I hereby revoke any prior general powers of attorney which I have executed (but not any powers of attorney related to health care).

This power of attorney shall be governed by Missouri law, although I request that it be honored in any state or other location in which I or my property may be found. If any provisions hereof shall be unenforceable or invalid, such unenforceability or invalidity shall not affect the remaining provisions of this power of attorney.

If it does not cause my condition to improve, I direct the treatment to be withdrawn even if it shortens my life. I also direct that I be given medical treatment to relieve pain or to provide comfort, even if such treatment might shorten my life, suppress my appetite or my breathing, or be habit-forming.

IF I HAVE NOT DESIGNATED AN AGENT IN THE DURABLE POWER OF ATTORNEY, PART II OF THIS DOCUMENT IS MEANT TO BE IN FULL FORCE AND EFFECT AS MY HEALTH CARE DIRECTIVE.

PART III. GENERAL PROVISIONS INCLUDED IN THE DURABLE POWER OF ATTORNEY FOR HEALTH CARE AND HEALTH CARE DIRECTIVE

1. Relationship Between Durable Power of Attorney for Health Care and Health Care Directive . If I have executed both the Durable Power of Attorney for Health Care and Health Care Directive, I encourage my Agent to:

- A. First, follow my choices as expressed in the above Directive or otherwise from knowing me or having had various discussions with me about making decisions regarding life-prolonging procedures.
- B. Second, if my Agent does not know my choices for the specific decision at hand, but my Agent has evidence of my preferences, my Agent can determine how I would decide. My Agent should consider my values, religious beliefs, past decisions, and past statements. The aim is to choose as I would choose, *even if it is not what my Agent would choose for himself or herself.*

- C. Third, if my Agent has little or no knowledge of choices I would make, then my Agent and the physicians will have to make a decision based on what a reasonable person in the same situation would decide. I have confidence in my Agent’s ability to make decisions in my best interest if my Agent does not have enough information to follow my preferences.
- D. Finally, if the Durable Power of Attorney for Health Care is determined to be ineffective, or if my Agent is not able to serve, the Health Care Directive is intended to be used on its own as firm instructions to my health care providers regarding life-prolonging procedures.

2. Protection of Third Parties Who Rely on My Agent. No person who relies in good faith upon any representations by my Agent or Alternate Agent shall be liable to me, my estate, my heirs or assigns, for recognizing the Agent’s authority.

3. Revocation of Prior Durable Power of Attorney for Health Care or Health Care Directive. I revoke any prior living will, declaration or health care directive executed by me. If I have appointed an Agent in a prior durable power of attorney, I revoke any prior health care durable power of attorney or any health care terms contained in that other durable power of attorney and intend that this Durable Power for Attorney for Health Care (if completed) and this Health Care Directive (if completed) replace or supplant earlier documents or provisions of earlier documents.

4. Validity. This document is intended to be valid in any jurisdiction in which it is presented. The provisions of this document are separable, so that the invalidity of one or more provisions shall not affect any others. A copy of this document shall be as valid as the original.

IF YOU HAVE COMPLETED THE ENTIRE DOCUMENT OR ONLY THE DIRECTIVE (PART II), YOU MUST SIGN THIS DOCUMENT IN THE PRESENCE OF TWO WITNESSES.

IN WITNESS WHEREOF, I signed this document on _____ (month, date), _____ (year).

Instructions for Completing TPOPP

- Completing a TPOPP form is always voluntary. TPOPP is a useful tool for the understanding of and implementation of physicians' orders that are reflective of the current medical condition and preferences of a patient. The orders are to be respected by all receiving providers in compliance with institutional policy. On admission to the hospital setting, a physician who will issue appropriate orders for that inpatient setting will assess the patient.
- TPOPP is a physician order set and as such does not replace Advance Directives but should serve to clarify them.
- TPOPP must be completed by a health care provider based on patient preferences and medical indications. Upon completion it must be signed by a physician, APRN, or PA; and patient (*or representative*) in compliance with scope of practice, regulation, and state law to be valid.
- Use of original form is strongly encouraged. Photocopies and Faxes of signed TPOPP forms are valid. A copy shall be retained in patient's medical record and accompany the patient to all settings.

Using TPOPP

- Any incomplete section of TPOPP implies full treatment for that section.

SECTION A:

– If found pulseless and not breathing, no defibrillator (*including automated external defibrillators*) or chest compressions should be used on a person if “Do Not Attempt Resuscitation” is selected.

SECTION B:

- When comfort cannot be achieved in the current setting, the person, including someone with “Comfort Measures Only,” should be transferred to a setting able to provide comfort (*e.g., treatment of a hip fracture*).
- Non-invasive positive airway pressure includes continuous positive airway pressure (*CPAP*), bi-level positive airway pressure (*BiPAP*), and bag valve mask (*BVM*) assisted respirations.

Reviewing TPOPP

TPOPP form should be reviewed when:

- The person is transferred from one care setting or care level to another, or
- There is a substantial change in the person's health status, or
- The person's treatment preferences change.

Modifying and Voiding TPOPP

- A patient with capacity can, at any time, request alternative treatment or revoke a TPOPP by any means that indicates intent to revoke. It is recommended that revocation be documented by drawing a line through Sections A through D, writing “VOID” in large letters, and signing and dating this line.
- A legally recognized decisionmaker may request to modify the orders, in collaboration with the physician/APRN/PA, based on the known desires of the patient or, if unknown, the patient's best interests.
