

TRIAGE CANCER® PRO BONO NETWORK

Triage Cancer is seeking volunteer attorneys who are passionate about helping individuals who have been impacted by a cancer diagnosis deal with legal issues. While our team is able to answer most questions, we do not provide legal representation and we don't always have expertise in a particular subject or in a particular jurisdiction.

Individuals contact our Legal & Financial Navigation Program with a wide variety of questions. Some of the topics we're asked about include:

- ▶ Health insurance
- ▶ Employment law
- ▶ Disability & life insurance
- ▶ Family law
- ▶ Estate planning
- ▶ Tax law
- ▶ Immigration
- ▶ Consumer law
- ▶ Public benefits
- ▶ Real estate, landlord-tenant law

Volunteers will:

- ▶ Be willing to accept, and respond to, emails from Triage Cancer attorneys who have identified the volunteer as a possible referral for a caller (based on the volunteer's subject-matter expertise and location)
- ▶ If a volunteer accepts a referral, after an introductory email from Triage Cancer, they will arrange a virtual meeting with the caller and provide a free, 30-minute consultation. Following that initial meeting, they will provide guidance, advice, and/or representation as agreed to directly with the caller.
